

PVHS WATER POLO BANNER SPONSORSHIP

2023/2024 SCHOOL Year

The Palos Verdes High School Seakings Water Polo Programs would like to extend to your business the opportunity to become a pool deck sponsor for the upcoming 2023 / 2024 Water Polo Season. This is a great opportunity for you to showcase your company while supporting Palos Verdes High School and the Sea King Water Polo programs. We will display your banner prominently along the Palos Verdes High School pool deck fencing and the money raised will go directly to support the Water Polo Programs.

Through your sponsorship, your business will have advertising exposure from the athletes and spectators in our water polo programs and from the many other pool uses throughout the season. The PV High pool deck is host to players and spectators from Varsity, JV and Freshman teams, from the Palos Verdes community and the greater South Bay neighborhoods. The exposure your banner will receive is a great advertising investment and gives heightened recognition in the community as a supporter of our high school program.

Please see the attached information sheets for details on this opportunity.

With your support, we will continue our goal of maintaining high school water polo programs based on excellence.

Thank you for your consideration,

The Palos Verdes High School Water Polo Program
